## ***INFORMATION***

*Uzbekistan is a sovereign state occupying a vast territory in the central part of Central Asia, surrounded by five powers, with which it is linked by centuries of common history. Uzbekistan is located far from the World Ocean, and is one of two countries on the planet, along with Liechtenstein, separated from the sea by the territories of two states at once. Located in the basins of the Amu Darya and Syr Darya, the largest Central Asian rivers,*

*Uzbekistan conquers the traveler with its slightly ascetic, but expressive appearance. Nature has created contrasting landscapes of mountains and foothill plains, withered deserts and fertile valleys. The magnificent ancient cities of Uzbekistan, which were the centers of the bright Enlightenment era of the medieval East, have now been turned into open-air museums. Tourists from all over the world come to Uzbekistan to admire the wonderful architectural masterpieces that abound in the famous Bukhara, Samarkand, Khiva and many other cities.*

*Tashkent is one of the largest cities in Central Asia, the capital of the sovereign Republic of Uzbekistan. The city is located in the foothills of the Tien Shan range, in the valley floodplain of the Chirchik River. In good weather, the mountains are visible from the city on the northeastern horizon.*
